

THE ARCTIC TRIPLE

RACE MANUAL
LOFOTEN SKIMO 1000+
2019

WELCOME!

In the unique surroundings of the Lofoten Islands we are offering you the opportunity to do an amazing race – The Arctic Triple Lofoten Skimo!

This race manual is for Lofoten Skimo 1000+

At The Arctic Triple the organizers do ALL SUPPORT. No external support is accepted. Make sure you read the race manual thoroughly. It is crucial that you are aware of what the race will require both for preparations and throughout the race. We're in the arctic. Be ready.

Have a good read and look forward to a mind moving experience at Lofoten Skimo!

Best,
The Arctic Triple Team

The Arctic Triple - back to nature!

The Arctic Triple event series has a strong focus on the environment. We want to do everything we can to make the most environmentally friendly races in the world. The track for Lofoten Skimo will have removable flags for marking the track so that the experience is as natural and untouched as possible, both during the race and after. We also actively try not to produce any unnecessary items that most likely will end up as trash or in the back of a closet.

We are lucky to be able to do The Arctic Triple in the amazing and wild nature of the Lofoten islands, and for this to continue we need to take care. It is under no circumstances allowed to throw any trash along the track. There will be trash buckets on the service points – throw trash there and nowhere else.

Note! If athletes are seen throwing trash on the track this will lead to penalties or even disqualification.

Leave nothing but a “Thank you!” behind.
